

Test

1A

**Maths —
No Problem!**

Test 1A - Test Administration
and Mark Scheme

Instructions for test delivery

Resources

Pencil, eraser and ruler.

Timing

All times are guides only.

Assistance

Scribe for those who cannot write clearly/independently.

Paper 1

20 minutes, 15 marks

Arithmetic: questions should be read to the children, e.g. $5 - 4$ should be read as five minus four.

Paper 2

30 minutes, 25 marks

There are 3 oral questions at the beginning of paper 2.

Read each question twice.

Help pupils locate the question if necessary.

Show pupils where to write their answers.

All the other questions should be **read** to the pupils.

Do NOT read the words for the numbers in question 5.

Pupils should not discuss the questions with each other.

Paper 2 – Oral questions

1 Oral question

Teacher says:

‘Find question 1.

Listen to the numbers.

What number comes next?

Keep your answer in your head.

4, 5, 6, clap

Write the answer in the box.’

Ensure all pupils have written a number in the correct box.

Mark schemes

Guidance

- Reversed digits are allowed as long as they are clearly recognisable.
- Transposed digits are **incorrect**, e.g. 31 instead of 13 should be marked wrong.
- If a pupil has crossed/rubbed out the correct answer but not replaced it award the mark.
- If the answer is clearly evident but not in the correct place award the mark.

Note: The page numbers identified below refer to the pages in the 1A textbook where the material is covered.

Paper 1 - total marks 15

- 1** $1 + 4 = 5$ 1 mark
(Pages 34-39)
- 7** $10 - 3 = 7$ 1 mark
(Pages 50-55)
- 15** $6 - 4 = 2$ 1 mark
(Pages 40-41)

Paper 2 - total marks 25

- 1** Number 7 written in the box. 1 mark
(Pages 2-3)
- 11** Award 2 marks for the full correct equation. 2 marks
 $7 - 5 = 2$
Award 1 mark for the correct answer of 2 without the equation.
(Pages 50-51)

Maths — No Problem! is a series of textbooks and workbooks written to meet the requirements of the 2014 English National Curriculum. These test papers are aligned with the National Curriculum objectives and the Maths — No Problem! series.

The focus of the series is on teaching to mastery. This research-based approach emphasises problem solving and utilises pupils' core competencies to develop a relational understanding of mathematical concepts.
